Then, my ebook, "How To Live Your Best Life - The Essential Guide for Creating and Achieving Your Life List", will show you how to create your bucket list as a blueprint for
your ideal life, and turn it into reality, step-by-simple-step. After all, what's the point of creating a bucket list if you're not going to take action in order to achieve it?

"How To Live Your Best Life - The Essential Guide for Creating and Achieving Your Life List" will guide you through the entire process of identifying exactly what you want in each area of your life, creating a clear strategy of how you're going to get it, and taking the steps to transform your dreams into reality.

The world will not fall apart in my absence. I might miss somebody’s birthday cake or a discussion of last night’s season finale. Even if I do, who cares. I’m coming back with a state of mind three coffees, two flirtatious emails and a week of vacation can’t buy. Just do it.”
